WASHINGTON CITY: FRIDAY DECEMBER 8, 1965.

BY READING MATTER ON EVERY PAGE. SEE OUTSIDE FOR INTERESTING TELE-GRAPHIC AND OTHER MATTER

THE STAR.

Senators and Representatives can have the DAILY EVENING STAR delivered regularly and promptly at their residences, in wrappers, by ordering it through the Secretary of the Senate, the Clerk of the House of Representatives, or at the office of the STAR, corner of 11th street and Pennsylvania avenue.

NEGRO SOCIAL AND POLITICAL EQUALITY. The Republican party, in arranging a platform on which to go before the people in the late Northern elections, wisely exhewed committing themselves to the advocacy of negro social and political equality. Hence their success in New York, New Jersey and Pennsylvania, in in which States they would have been ingloriously defeated had they neglected that precaution. In Wisconsin, lows and Connecticut they were careful to make the question of negro political equality a side issue, on which its sup. porters were signally defeated. Such, in few words, is the history of the action of that party on the subject matter since the close of the war. That is, up to the meeting of Congress. Now. however, it appears as though its leaders are determined to con mit it to a record which will inevitably drive from its support the great mass of the white labor of the North.

The course they seem disposed to pursue involves a speedy onslaught upon the administration of President Johnson, whose policy upon the subject is simply the result of his great experience in the business of statesmanship, his intense devotion to the interests of the laboring masses, and his fixed ideas of what will best subserve the happiness, progress and prosperity of all, white and black, North, South, East and West. The issue is apparently to be made over the affairs of this District, which is proposed to be thoroughly Africanized We are not believers that Mesers. Sumner and Wade can force their party in Congress up to the support of their projects. Yet it seems probable that they will induce a portion of it to make such a record as will inevitably sunder it in twain, and drive from it the support of the hundreds of thousands of voters whose devotion to the cause of the Union, rather than to abolitionism pure and simple, kept it in power in the late Presidential election. The remarks of our cotemporary, the Chronicle this morning, on the subject, lead us to believe that those it represents have determined to draw the sword on the President and his policy and throw away the scabbard. We have no space to-day in which to reply to the remarks of the Chronicle, wherein it maligns and misre presents this community in whose midst the negro is better treated by far than in any Northern city. Here, his legal and industrial rights are far more freely accorded him than in any Northern community, not withstanding the fact that the war has crowded Washington with thousands on thousands of the class of negroes ignorant and incapable of the proper discharge of the duties of citizenship and rivelry with white labor, such as are almost entirely unknown in Northern communities, where, despite the law, no negro is permitted by public opinion even to carry a hodor drive a truck in competition with white men.

PATENT OFFICE IMPROVEMENTS. The Commissioner of Patents is about making a change in the arrangements of the Patent Office, which will not only be an additional attraction to the interesting collection there deposited, but will prove of vast benefit to those manufacturers in the country who avail themselves of its advantages. It is designed to devote the old central model hall to the purpose of displaying the manufacturers of the country. Persons desiring to deposit camples of goods are to erect a suitable case for their protection. An officer, furnished by the Government, will be constantly in attendance for the purpose of explaining the contents of the cases to visitors. The model cases at present occupying the central hall, are to be moved out as fast as the erection of sample cases render it necessary, and the models will be deposited in the northern hall. There will be now three extensive halls for the reception of models, so that each model is separated from the others, and bears a card containing a legible description of its character, thus affording visitors every facility for their inspection.

CASUALTIES IN GENERAL OFFICERS. A report from the Adjutant General's office states that the number of Major Generals who have gone out of service since March 11, 1865, is as follows:-Honorably mustered out, 10; resigned, 22-total 32. Number of Brigadier Generals who have gone out of service, is :- Honorably mustered out, 78: resigned, 55; died, 4total 137. Total of both grades, 169

THE WEEKLY STAR is now on our counter or sale, and in wrappers ready for the mails. containing the President's Message and all the accompanying reports of the heads of departments; report of General Grant; the charming story of "Strategy at the Fireside;" "A rough Honeymoon, or the experience of a newly married man;" proceedings of Congress, Supreme Court, and City Councils; a new feature of the Cobb case; arrest of Mr. Cobb; foreign, domestic, departmental, military, naval and local news; agriculture, miscellany, and the latest telegraphic dispatches from all quarters.

PROMOTIONS IN THE PATENT OFFICE.-Mr. N. Crawford, Mr. J. T. Fales and Mr. T. C. Connoil y have been promoted from assistant examiners to examiners.

driven from the neighborhood of the Arkansas river, after the outrage known as the Chivington massacre, at Sand Creek, Colorado Territory. It is thought that after their expulsion by Chivington they made their way north of the Platte river. During last autumn, when the Commissioners were on the plains, they were informed that messengers had been sent by these Indians to meet them, for the purpose of negotiating for peace; but whilst on their way for this object, it is supposed, they were attacked by some of our forces, who were ignorant of their mission. It was, doubtless, in retaliation for this last attack upon them, that they committed the depredations on the over-

land route. From recent information received at the Department of the Interior, those Indians are yet disposed to become friendly; and, with a view to confer with them for the attainment of this object, the Commissioner of Indian Affairs, with the approbation of the Secretary of the Interior, has appointed an agent, an officer connected with the army, and specially detailed for this mission by the Secretary of War, to meet and arrange with them for an adjustment of the difficulties. The agent will go out accompanied by a sufficient escort to prevent any such mistake in future as caused the dispersion of the former Indian peace messengers. From the confidence imposed in the officer, who is well acquainted with these tribes, we have every reason to expect that peace will soon be re-established in this region.

FREEDMEN'S BUREAU.

Reports now arriving at the Bureau of Refugees, Freedmen, &c., give highly encouraging accounts of the manner in which the business of the Bureau is being carried on in the Southwestern States. Hospitals and camps are being provided for the sick freedmen, and a large number have already been established. Homes are being furnished and work supplied to great numbers of the idle and suffering. The number of those supported by the Government are daily diminishing, as the freedmen gradually fall into employment and are thus converted from idle consumers to producers.

ATTACK ON A PROVOST MARSHAL. Yesterday, as the Provost Marshal of this Department was passing by the Treasury building, he was struck by a man who seemed to be somewhat under the influence of liquor. The provost guard arrested the individual, who proved to be an ex-captain of the rebel army. The man has been turned over to the civil authority.

PROMOTED.

Major Finley Anderson, Assistant Adjutant General on the staff of Major General Hancock, has been promoted to Brevet Lieutenant Colonel, for gallant and meritorious services. Major Anderson was correspondent of the New York Herald for the Second Corps, and volunteer aid on Gen. Hancock's staff during the campaigns of 1-63 and 1964.

PRISONERS RELEASED. An order has been issued from the Adjutant

General's Office for the release of eleven more of the prisoners confined at Fort Whipple. This leaves but nine prisoners confined at the WHITE HOUSE.

This being Cabinet day, no visitors were admitted. All the members of the Cabinet were present, except Attorney General Speed, who was attending the United States Supreme Court.

PARDONED. The President to-day pardoned one hundred

and eighteen Texans, all of the \$20,000 class, and

Gen. De Witt, of Tennessee. TREASTRER'S OFFICE .- The following appointments have been made in the office of General Spinner, United States Treasurer:-C. E. Twombly, of New Hampshire, Assistant Paying Teller, to be Paying Teller; P. A. Murden, of Massachusetts, to be Assistant Paying Teller; Edward O. Grees, of New York, to a fourth-class clerkship; G. A. Sellers, of Pennsylvania, to a third-class clerkship; T-J. Renno, of New York, to a second-class clerkship; and A. R. Guaiffe, of New York, to

be a temporary clerk. PROMOTIONS IN PAYMASTER GENERAL'S OFFICE -Mr. William T. Kent has been advanced from a 2d class to a 3d class clerk, and Mr. B. Murray from a 1st to a 2d class clerk. It is the intention of this Department to make no more appointments. As the force at present engaged will soon be too great, it is intended to let the reduction occasioned by casualties keep the number of clerks proportioned to the amount of labor to be performed.

Assistant TREASURER .- The President has sent to the Senate the name of N. B. Browne to be Assistant Treasurer at Philadelphia, vice McIntyre, resigned.

PERSONAL .- It is stated that General Carl Schurz has become a Washington correspondent of the New York Tribune. ... The Home Journal says :- "Charles Dickens, a private letter informs us, contemplates a visit to this country during the next spriag or summer." A young lady does the horse sketches in Punch now. She is a pupil of John Leech. ... Mr. Colfax, in his journey to California, gathered some interesting coal-facts .- Prentice. ... At Titusville, Pa., a young man who was having barrels of petroleum emptied from his wagon into a receiving tank, slipped into the oil, and before help could reach him became a

FROM NEW ORLEANS AND MEXICO. Louisiana Legislature Report Against the Constitution of 1864-Liberals in Mexico Taking the Maximilian Amnesty. NEW ORLEANS, Dec. 8.—The House of Re-presentatives passed the Senate resolution against the recognition of Hahn and Cutler as

Senators. In the House the special committee reported against the constitution of 1864, and presented a bill for calling a convention on the 4th of January. The Governor was not inaugurated on the 3d, on account of illness.

Randall Hunt was nominated U. S. Senator. Senator will be elected Friday. The Ma'amoras Ranchero congratulates the citizens on the defeat of the besiegers. It also says that several leading Liberals on the frontier have accepted Laximilian's amnesty. Receipts of cotton at Shreveport were falli off, in consequence of scarcity and decline in

At Jefferson, Texas, the head of the Red River navigation, there are 12,000 bales of cotton on hand, and about twenty thousand more are to come in. Passengers who left New York on the 30th arrived this morning via Mobile. George W. Gale, who offered one hundred thousand dollars for the assassination of Lin-

coln, has given bond at Montgomery to appear when called for. Steamship Arrivals. New York, Dec 8.—The steamer United States, from New Orleans on the 29th, and the steamer Vergo, from Savannah on the 3d, have

arrived.

LOCAL NEWS. -A Serious Affair. A COLORED BOY SHOT.

This afternoon officers Roth and Howes arrested George Otto, of the firm of Ross & Ouc. Bottling establishment, corner of 11th and B streets, and a man named John Michel, on the charge of shooting a colored boy named Wm. Walker, and took them before Justice Bates. The boy Walker appeared at the office bear-ing the marks of the pistol shot in the shape of an ugly hole between the right eye and ear,

TOKUTER PRODUCE THE SAF

from which the blood trickled. He testified that he with other colored boys were sitting down in a sheltered place and the man came long and told them to go away, and called for pistol and shot at him and the other boys two or three times. The man said "d-d if I don't kill one of them niggers."

The prisoner Otto here remarked "the pistol was mine. It was one kept at my place." MJustice Bates .- Did you keep it there to shoot

cple with? The prisoner .- "No, but it was always kept there. There ought to be a couple of hundred of three niggers shot! James Raymond (colored) testified to the same

general effect with the boy Walker as to the shooting. The boys he said had got nearly across the street when the shot was fired at Washington Johnson (colored) testifled that

the boys were sitting down and the man came out and commenced running them away. The boys ran across the street. The man shot twice. Samuel Spencer (colored) testified that the man

drove up in a wagon, and jumped out and commeaced kicking the boys, and told them to get away. He then commenced shooting at the boys, and shot at this one across to the lumber Frank Lomas (colored) testified that the man got out of a wagon, and witness said, "Want

your boots blacked !" and he said "No," and commenced kicking them, and called for a revolver, and a man handed him a revolver, and be commenced shooting at the boys. Dr. Buckley was called in, and examined the wound, but was unable to find the ball with a probe, and was unwilling to express an opinion as the character of the wound under these circumstances.

In the meantime, Capt. Spurgin, Superintendent of the Freedmen's Bureau for this District, entered the office, and seeing the condition of the boy, gave a permit for his admission to Campbell kospital, where he will be properly treated. The revolver was found by Officer Roth and

turned over to the Justice. It is a small sized silver mounted revolver, carrying a bail about a size less than a buckshot. Justice Bates declined to take bail in the present state of the case, and committed Otto and Michel to jail for further examination, the first as principal and the latter as accessory. THE RUNNING OF CARS BY STEAM .- This af-

ternoon, the trial of the case of the parties charged with running of cars through the streets by steam, and endangering the lives of the citizens, commenced on Tuesday afternoon was resumed before Justice Walter; Joseph H. Bradley, Jr., appearing for the prosecution, and Messrs. Riddle, Wells, and Webb for the The defense called B. B. French, (Commis-

sioner of Public Buildings.) who testified that lately whenever he noticed the cars running round the curve they were run slowly, and the bell was rung, and he nearly always heard the whistle. Witness did not recollect, even when the road was in the hands of the Government, that the trains ran fast round the curve. The trains were run faster while the government had possession of the road than since. Witness never saw the trains run at such speed but that any person with proper care could have got out of the way.

Mr. W. V. Montgomery testifled that he had charge of the railroad bridge across the river, and noticed that going up he grade, which is heavy, the trains have to go up fast as far as 10th or 12th street, but the barance of the way to the Baltimore depot they run at about three or four miles per hour. A man is stationed at 12th street, since the Orange and Alexandria Company have used the road, with a lantern at night and a flag at day, who walks in front of the train. Witness never saw the flag used before the accident on the 16th of November, but has noticed it continually since. In going down the grade the trains are very slow.

Dr. James E. Morgan, for the presecution, testified that he resided at the corner of Maryland avenue and 12th street. Since the 10th of October trains have not been run so frequent as before. As for speed the compar aged it as well as any, but what was objected to was the running by steam, causing horses to run away. He considered that the running through the city was prejudicial to the lives and health of citizens. It was the use of steam which was generally complained of and it was now a public inconvenience and injury. By the Defense:-The street cars are a nuis. ance to some extent. The use of steam in any city he thought a nuisance. This company, it seemed, had used the road as judiciously as

their whistles, seemingly to frighten horses, but a complaint was made and it was stopped. For two years past the rate of speed was probably less than six miles per hour, and the trains now run slower than that rate. Capt. James L. Maguire, for the defense, testified that at this time the trains run very slow, and he recollects on the morning of the accident having heard the whistle. Witness thinks a man with ordinary care can avoid accident. Witness during last summer saw the trains

any company would. While the Government

had the road, some of the engineers used to blow

than the trains do around the avenue. Colonel Wells remarked that at least forty trains per day run through the heart of Rochester, and sixty-five through Newark. Mr. Bradley said if a hundred ran through such cities, it had nothing to do with this case, and perhaps those companies had legislative sanction for thus running, which this road had not.

ing and night trains run slowly, and recently he noticed a man with a flag or lantern, who walked before the train. LARCENY .- Yesterday Henry Werner was arrested by Officer Parker, of the 2d Ward, for

the larceny of a considerable quantity of bacon from D. L. Morrison, corner of 12th and B sts. A part of the bacon was recovered and the prisoner was sent to jail for court by Justice ADMITTED TO THE BAR .- This morning, on

motion of Richard T. Merrick, Esq., of Md., Robert W. McHenry, Esq., of Raltimore, was admitted to the bar. A TOP BUGGY, in complete order, for sale cheap. Address A. O. H., Box 960 George-town P. O.

THE !

Affairs in Georgetown. THE CORPORATION. - The chambers of the Councils were opened last night as usual for

the meeting of the boards. No Aldermen were in attendance, and of the Common Council no quorum. The meeting was adjourned by the President, J. Thomas, Esq., until next Thursday evening at 7 o'clock TRANKSGIVING DAY .- Yesterday was observed as a day of thanksgiving in accordance

wi'h the President's proclamation, by our citizens generally. Business was suspended and the churches opened for divine worship, and were well attended, while the services at each were appropriate to the occasion. We are pleased a record the fact that throughout the day there were fewer displays of improper conduct than usual on such festive occasions. COAL LARGENY .- Beverly Egion and John Carter, colored, were arrested yesterday by officer White, for the larceny of a pile of coal from King & Dickson's wharf, foot of Washington street. They were taken before Jusuce

Buckey, where they pleaded ignorance of the coal belonging to King & Dickson; they thought it was Government coal. Mr. King did not care to prosecute them, and the larceny case was dismissed, and each was fined \$5.44 for disorderly conduct.

A FOUNDLING .- About seven o'clock last night, a white girl child was left at the residence of Rev. Jos. E. Brown, pastor of the Episcopal Mission Chape. The child is a few days old, and neatly clad. The following note was pinned to the child's dress: "Take care of this child; it is respectable, but its mother is poor. The child was properly cared for, and this morning Mrs. King, a charitable lady residing on Jefferson street, south of Bridge, took the infant to raise it.

Equal Justice.—Isaac Peyser and Levi Kraft, salesmen in clothing stores on Bridge street, got into a quarrel yesterday about taking customers from each other. Kraft accused Peyser of taking his customers, and Peyser retoried by calling Kraft a very hard name, and cursed him. Kraft struck him. They had a race to the station, each appearing to be anxious to get the first oath. The Justice being at church, they were obliged to wait; and in the meantime the Justice heard of the affair, and issued a warrant, which was served on both by officer White. Justice Buckey fined each

\$2.44 for disorderly conduct. FALSE ALARN - About 6.20 o'clock last night an alarm of fire was given which called out the firemen, and gave them an opportunity of dragging their apparatus to the water side and back to their engine-houses-a very unpleasant job at that time; and the alarmer received no thanks for it from the firemen.

CANAL .- Arrived-Boats Morrison, with sundries to Benj. Darby; Lonaconing No. 3, wood; P. Heine, hay and corn; C. Ardinger, wood; Capt. Short, do. to market; M. E. Smith, limestone to Godey & Rheem; Seneca, sundries to Benj. Darby, and eight boats loaded with coal, consigned to Cumberland Co., 1123 tons; American Co., 111.16 tons; New Hope Co., 230.11 tons; Hampshire and Baltimore Co , 227.3 tons; Central Co., 221.10 tons. Departed-Cruncher, with manure to Dam No. 11; Cath. Moore, assorted freight to Dam No. 16, and twelve boats light. PORT OF GEORGETOWN.-Entered-Steamer Express, Ryther, from Baltimore. Cleared-Steamer Express, for Baltimore; schooner Agnes Ann, Miller, Norfolk, Va.

FLOUR AND GRAIN MARKET.-Flour-There are no receipts from the western depots reported to-day. The demana is moderate, principaily for high grades, to supply the local trade, and transactions unimportant. Supers are quoted at \$9a9.25; Extras, \$10 to \$10.50, and Family at \$12.50 to \$15. Grain-The market steady, with no material change of prices. Wheat-Good Red quoted at \$2.10a\$2.15. No White offering. Corn-No sales to justify a change of last quotations. PORK.-The receipts to-day are very light,

and the demand excellent. Wholesale buyers are giving \$13 per 100 lbs. per prime, and are retailing at \$14. The stock in band is small.
